GOETHALS IS NOMINATED BY WILSON

His Appointment as Governor of Panama Canal Zone Now Before the Senate

EXPECTED NOMINATION BE QUICKLY CONFIRMED

Goethals' Acceptance Received at Washington Said to be Unconditional

WASHINGTON, Jan. 29.—President Wilson sent Colonel Goethals' recommendation to the senate today. A speedy confirmation is expected. The appointment will be effective on April first.

Goethals Wires Acceptance
WASHINGTON, Jan. 29.—Colonel Goethals has accepted the governorship of the Panama Canal zone. He wired his acceptance to the war department, but Secretary Garrison said that the text of the acceptance will not be made public until the senate acts on the nomination. He made it clear that the acceptance was unconditional and for an unlimited time, thus disposing of the rumors that Col. Goethals would serve as governor for one year and then resign to accept the New York police commissionership.

Mitchell Still Confident
NEW YORK, Jan. 29.—Mayor Mitchell was still confident today that Col. Goethals will be the next police commissioner of New York, despite the reports that he has accepted the governorship of the canal zone. It was declared at the mayor's office that Col. Goethals has nothing to do with the police commissionership, that the latter will be undertaken by Goethals as soon as certain conditions he imposed are met.

CULLOM'S BELIEF IN IMMORTALITY IS NOW REVEALED

WASHINGTON, Jan. 29.—After brief funeral services here the body of ex-Senator Cullom was taken to the train and started for his former home in Springfield, Illinois, for burial.

Dr. Charles Wood, a Presbyterian minister and a close friend of Senator Cullom told today that the senator had changed the belief expressed in his memoirs that he found nothing in the Scriptures convincing him that there is a hereafter. Dr. Wood said he had changed completely and told him he had believed in Christ and immortality, Cullom saying to him: "I want at the first opportunity to make a statement of my simple creed to be inserted after the last chapter of my recollections to correct the doubt expressed on a dark day when the light was dim."

MEXICANS AT FT. BLISS MUST STAY TILL PEACE

WASHINGTON, Jan. 29.—A plea from the wounded and sick officers of President Huerta, cured by United States army officers at Fort Bliss, to be allowed to return to Mexico was refused yesterday at the war department.

Orders already have been issued that none of the federal refugees in good health now interned at Fort Bliss shall be allowed to enter Mexico until peace has been restored.

EMPLOYERS' LIABILITY PREMIUMS POURING IN

SACRAMENTO, Jan. 29.—Receipts for \$137,879.89 have been filed with State Treasurer Roberts as premiums to the State Industrial Accident Commission for policies protecting employers throughout the state from injuries sustained by their employees. The premiums are still rolling in at the rate of \$10,000 daily.

URGE COMMUNITY ADVANCEMENT

MADISON, Wis., Jan. 29.—The improvement of community life in small cities and towns through larger use of school buildings for community meetings in the evenings and on Saturdays was urged by speakers here today at the second day's sessions of the Fourth Wisconsin Country Life Conference. The speakers dwell on the benefits which such frequent interchange of ideas would bring about in the development of farms, poultry and cattle raising, and even in making housekeeping more systematic and less monotonous. The conference will adjourn tomorrow afternoon.

Daring Aviator Dies Peacefully in Bed

Charles K. Hamilton, whose feats in the air have started hundreds of thousands in many parts of the United States, and who had been very seriously injured several times in wrecks of his aeroplane or when he had to jump from it, was found dead in his bed at his home in New York the other day.

Hamilton had experienced slight lung and heart trouble while making flights on several occasions, and once said that vomiting, or swooping down from a height, was dangerous to the heart. He often felt severely, he said, the strain of his calling.

In Florida a year ago he leaped from his aeroplane at a height of forty feet, just as the machine turned a double somersault. He was badly hurt.

Hamilton had his first taste of flying when, attached to the tail of a kite, he was drawn by a boat over the Hudson river. This was on the occasion of the visit of Prince Henry of Prussia in 1902. Four years later he made ascensions in a dirigible balloon at Coney Island, and in 1909 took his first flight in an aeroplane.

KENNETT, Calif., Jan. 29.—M. Franklin, a miner, was killed today by falling in the shaft of the Mammoth mine.

Fire Destroyed Business Block in Manchester, N. H.

MANCHESTER, N. H., Jan. 29.—Fire today destroyed an entire block in the business center of this city. The Amoskeag National Bank and two department stores were among the razed structures. The loss reached a half million dollars.

POMONA SEEKS STORM PROTECTION DISTRICT

POMONA, Jan. 29.—The first step toward a big Storm Protective District as an insurance against damage and loss of property in the Claremont and Pomona districts, was taken at a meeting of the Claremont Board of Trade yesterday. L. T. Gillett was appointed to represent the Board of Trade, property owners and other interests involving 15,000 acres.

WOULD INCREASE SUM TO SPREAD FARM KNOWLEDGE

WASHINGTON, Jan. 29.—Early enactment of agricultural extension legislation was forecast yesterday when the senate substituted for the pending senate measure the Leber bill, just passed by the house.

This was done at the request of Senator Hoke Smith, author of the bill, who acceded to the suggestion of Senator Simmons, that the immediate yearly appropriation for disseminating agricultural information should be increased from \$300,000 to \$600,000.

1,200 ACRES OF MINERAL LAND INVOLVED

W. A. Stutsman Brings Three Equity Actions for Olinda Oil Property

CLAIMS RECORDED HERE ONLY RECENTLY

Basis of Suit is that Sale by Government Not According to Law

Three equity suits were filed in the United States District Court in Los Angeles yesterday, in which W. A. Stutsman, a Los Angeles attorney and son of A. H. Stutsman of Tustin, appears as plaintiff and the Olinda Land Company and the Fullerton Oil Company as defendants in one action; the Olinda Land Company and the Columbia Oil Producing Company, defendants in the second, and the Olinda Land Company defendant in the third action.

The land involved consists of about 1200 acres in Orange county, this state, and supposed to be mineral in character. The area is owned by the Olinda Land Company, and the oil companies are lessees of certain parts of the territory. The value of the land is supposed to be from \$500 to \$1000 an acre.

The basis of the suits is the law passed by congress September 4, 1841, under the terms of which 500,000 acres of the public land were granted to each state of the union, including land grants made prior to the admission of such state. It is alleged that later the law was amended so as to exclude all mineral bearing land, and that the sale of the lands by the state to private parties was without warrant of law.

The prayer of the petition is that the defendants show by what right they hold title to the land; that it be decreed that the state of California and the purchasers had knowledge of the fact that the land was oil-bearing; and that a writ of restitution follow.

Stutsman has associated with him two or three Tustin residents. Their claims were recorded in this county recently.

FROST DANGER IN NEXT 36 HOURS IS WARNING TODAY

LOS ANGELES, Jan. 29.—"Citrus fruit growers should be cautious for the next thirty-six hours and be prepared to smudge," is the warning given out today by Forecaster Carpenter.

There was frost in many sections last night but no damage was reported. The work of repairing storm damage continues here.

U. S. TRADE BALANCE 1913 REPORTED \$692,127,531

WASHINGTON, Jan. 29.—Exports from the United States during the calendar year 1913 were more than 3.5 per cent greater than in 1912, while imports were 1.4 per cent less, as shown by figures made public yesterday by the bureau of foreign and domestic commerce. The excess of exports over imports in 1913 was \$692,127,531, against \$581,144,928 in the year previous. This excess was larger than in any preceding calendar or fiscal year since 1908.

SAN DIEGO'S FIRST MAIL SINCE THE STORM, ARRIVES

SAN DIEGO, Jan. 29.—The first train to arrive here from Los Angeles since the Owl Monday, pulled into the Santa Fe station at 3 o'clock yesterday afternoon. Extra wagons and postal employees were at the depot to handle the three days' accumulation of baggage. Hundreds of workmen toiled night and day in mud up to their waists to repair the washed out tracks between Serra and Capitran. Santa Fe officials said last night that regular schedules will be in force today as the tracks are now clear.

SCHUMANN-HEINK ILL—CANCELS ENGAGEMENTS

CHESTER, Pa., Jan. 29.—Madame Schumann-Heink, who was to have given a concert at Winthrop College the latter part of next month, has been obliged to cancel all road engagements. She has been ill and unable to fill her engagements for the last two weeks. She is suffering from a bronchial trouble aggravated by fever.

PRISONERS OF GENERAL VILLA, AFTER BATTLE OF OJINAGA, ABOUT TO BE SHOT, AS IS THE CUSTOM IN THE WARFARE THERE

When they capture prisoners in one of the so-called battles of the Mexican trouble they don't parole them as is done by civilized nations. If they did the prisoners would sneak back into the ranks and begin firing again. If they

were kept any length of time they would become expensive, for food is too costly. The easiest way out, according to all Mexicans, is to shoot the prisoners in cold blood. Since most of these warriors have a heavy strain of Indian blood in them they show some of

the characteristics of the Redmen who fought on American plains for many years. The Indian usually scalped his prisoners, and of course they did not live long after the operation. This photograph was taken by the Mutual Film Corporation.

241 MAROONED BROUGHT TO SAN PEDRO

"Santa Clara" Brings Only San Luis Obispo Passengers—Sails North Tonight

SAN PEDRO, Jan. 29.—The steamer Santa Clara, with 241 Southern Pacific passengers marooned at San Luis Obispo by recent storms, arrived here today. She brought 500 sacks of mail, which were rushed to Los Angeles on a special car. The steamer was unable to stop at Santa Barbara en route because all reservations had been taken at San Luis Obispo. Scores of friends and relatives of the passengers greeted the boat.

The ship will clear at 10 o'clock tonight for her return trip, stopping en route at Santa Barbara to unload provisions and take aboard those marooned passengers there who wish to go to San Francisco. It is not believed the steamer Bear, leaving last night, will stop at San Luis Obispo, as all reservations were taken at Santa Barbara.

Train service is expected to be resumed at Santa Barbara before the end of the week. It is still crippled east of Los Angeles.

EVA BOOTH IS REPORTED AS IN GRAVE CONDITION

NEW YORK, Jan. 29.—Eva Booth, head of the Salvation Army in this country, who for more than a week has been ill after a nervous breakdown, was reported last night to be in a grave condition. She suffered an attack of influenza, which developed into pleurisy and tonsillitis. In testinal troubles have complicated her case, giving grounds for anxiety.

OKLAHOMA'S "JIM CROW" LAW UPHOLD BY COURT

ST. LOUIS, Jan. 29.—The "Jim Crow" law of Oklahoma was upheld by a decision of the United States circuit court of appeals yesterday. The court affirmed the decision of the district court at Kansas City, which refused to award Dr. William J. Thompson damages of \$50,000 because of an attempt made to enforce the "Jim Crow" law against him.

WILL SIGN TO PLAY WITH THE SAME TEAM

Gavy Cravath's terms have been accepted by President Baker of the Philadelphia Nationals, and Cravath will sign a contract within a few days. He is to get \$200 on a one-year contract with \$500 additional if he bats .325 or better. Since Gavy batted .340 last season, he can count the \$500 as so much in his pocket. The new Federal League wanted the Santa Anan. Three teams from that league were after him, and one of them, Baltimore, offered him \$4000 bonus and \$6000 a year for two years. Gavy's heart was with his old team, and he declares that President Baker is as fine a sport as there is in the baseball business.

2 WOMEN LEGALLY BEHEADED TODAY IN BERLIN PRISON

BERLIN, Jan. 29.—Two women were decapitated at Ratibor prison this afternoon. Francisca Zimmer was executed for the murder of her step-mother, and Josepha Kubach for the murder of her husband. Both died without signs of emotion. No newspaper published more than four lines regarding the double execution.

DRASTIC AMENDMENT TO IMMIGRATION BILL

WASHINGTON, Jan. 29.—A drastic amendment to the Burnett-Dillingham immigration bill was adopted by the house immigration committee today. It provides for the deportation of any one, alien or citizen, who assists in the immigration of persons, militant suffragettes included, teaching the destruction of property.

PRISON FOR TRUST LAWBREAKERS IS URGED AT HEARING

WASHINGTON, Jan. 29.—Prison cells for trust law violators were urged before the house judiciary committee today by Congressman Lenroot and Stanley Henry, who appeared as witnesses at the committee's hearing to learn the best ways of breaking up existing monopolies. Henry asked the exemption of labor and farmers' organizations from the Sherman law.

ALLEGED SHIPPING TRUST

WASHINGTON, Jan. 31.—The final report of the subcommittee of the marine committee following the shipping trust inquiry, was secretly submitted today to the full committee. It held that a shipping trust exists in the Atlantic, South and Central American trade through shipping pools. The report will probably be submitted to the house next week.

LOS ANGELES WILL NEED \$70,000 FOR STORM DAMAGES

LOS ANGELES, Jan. 29.—The Board of Public Works yesterday decided to ask the council to provide approximately \$69,890 with which to repair bridges and culverts damaged by the recent storm and construct new bridges.

City Engineer Hamlin, in his report on storm damage, asks that \$8790 be appropriated at once for immediate repairs, and that \$54,500 be provided in the new budget for concrete bridges at Avenue Sixty and at Avenue Forty-three; the Avenue Sixty bridge to cost about \$28,000 and the Avenue Forty-three bridge about \$26,500.

ROASTING EARS FOR EPICUREANS, FROM IMPERIAL VALLEY

Los Angeles Examiner: Roasting ears the first of February! Such a thing has heretofore been entirely unknown in Los Angeles and not thought of in the East, but yesterday there came to the local market from the Imperial Valley, which with the hot house, has upset the traditions of the seasons, a shipment of fresh green corn. It has been promised that more is to follow. The roasting ears were placed on sale by the wholesale produce house which received them, at 75 cents per dozen.

PLOTTERS WOULD HAVE NAMED GONZALES

So Says Mexican Press in Giving Plot Details—Diaz Said to be in Mexico

MEXICO CITY, Jan. 29.—That General Fernando Gonzales would have been president if the plot against Provisional President Huerta had succeeded, was stated today by the newspapers here. It was the first publication here of any details of the conspiracy, the Huerta administration pretending to treat it lightly. General Eugenio Rascon, vice-presidential candidate on the Catholic party ticket in the recent election, was slated for the war ministry. It was announced today that Rascon is going to Salvador, which is believed to mean that he has been exiled.

FELIX DIAZ SAID TO HAVE LANDED AT PUERTO MEXICO

MEXICO CITY, Jan. 29.—It was reported here last night that Felix Diaz had landed at Puerto Mexico with a force of men and artillery. It is said that the city is now in his hands and that followers of his are marching to Oaxaca, where Diaz is a great favorite.

COLD WAVE HITS CHICAGO—GENERAL IN MIDDLE WEST

CHICAGO, Jan. 29.—The temperature is falling here at the rate of five degrees hourly. There is a general cold wave over the Middle West.

Zero in Nebraska

OMAHA, Jan. 29.—The cold wave reached Nebraska at noon today, temperatures in many localities dropping below zero. There is considerable suffering here among the unemployed.

BEAT REPAIRMAN, TOOK HIS CASH AND ESCAPED

LOS ANGELES, Jan. 29.—Entering a west side garage on the pretext of having a car repaired, three Italians attacked Repairman J. H. Whaley, beating him unconscious then stealing \$12 from his pockets. They fled before Wiley regained consciousness.

QUAKE ROCKS CITY IN BRAZIL—NEARBY VOLCANO ACTIVE

BUENOS AYRES, Jan. 29.—Following an earthquake that rocked the town of Mendoza yesterday, the volcano of Aconcagua, sixty miles distant, is increasing in activity. No deaths have been reported, but considerable damage was done.

PANAMA ISTHMUS WILL STILL REMAIN ISTHMUS

Philadelphia Press: The Isthmus of Panama will remain an isthmus after the canal is completed, as the ocean will not cut the isthmus, the canal being eighty-five feet above the sea level, and not a drop of water from either the Atlantic or Pacific oceans will ever reach the great lake through which the canal flows. The locks are filled and emptied with, and of, water derived from the lake which was formed by the damming up of the Chagres river.

RAKER'S BILL IS AGAIN PUT OFF

Bryan Requests Consideration of It be Postponed to Avoid Friction

WILSON SAYS STORIES OF TROUBLE UNFOUNDED

Denied that Japan is Supplying Arms to Huerta—Firms in Japan Have Such Right

WASHINGTON, Jan. 29.—At the personal request of Secretary Bryan the House immigration committee again today declined to hold a hearing on the Raker Asiatic exclusion bill. It was stated that Bryan asked the postponement to prevent the reopening at present of the Japanese dispute over the California anti-land law.

Stories of Near-Dispute Unfounded
The President told callers at the White House this afternoon that the stories that the United States is on the verge of serious friction with Japan as a result of developments in Mexico are not only unfounded but mischievous. The President also said it was absolutely false that the Japanese government is supplying arms to Huerta. He admitted that Japanese firms, like firms of other nations, are selling arms to Huerta, but said they had that right under international law, and even if the United States wanted to object there would be no legal right to do so.

BLACKMAIL LETTER IS BELIEVED TO BE HOAX

LOS ANGELES, Jan. 29.—Chief of Police Sebastian has turned over to the federal authorities a letter signed "Blackmailers," received last night, offering to produce Millionaire F. Lewis Clark of Spokane, who disappeared in Santa Barbara recently. Clark is believed to have succeeded. Chief of Police Sebastian believes the letter is a hoax, but the federal officials will probably investigate it.

CONVENTION GOING TO DISCUSS MEALY BUG AT ONTARIO

Tomorrow an emergency convention of citrus fruit growers and citrus fruit experts is going to be held at Ontario. The purpose of the meeting is to discuss the best methods of fighting the mealy bug on citrus trees. The bug has grown to be a problem, and citrus men should not fail to take advantage of an opportunity to inform themselves upon the situation. Orange county men are urged to attend.

REGIONAL BANK CLAIMS PRESENTED IN SEATTLE

SEATTLE, Jan. 29.—Secretaries McAdoo and Houston met today with a delegation of Seattle bankers and business men, who were armed with data to show why they believe Seattle should have a regional bank. The hearings here will probably continue for two days.

Secretary McAdoo immediately took occasion to inform his auditors that no significance should be attached to any question he might propound, but nevertheless the business men believed the trend of the examination indicated a plan to include the entire Pacific coast in one district with a central bank at San Francisco.

SEVEN TRAINS OF TOURISTS LEAVE CHICAGO FOR L. A.

Los Angeles Examiner: According to advices received at the local passenger offices of the Santa Fe yesterday, so great was the day's rush of the tourists in Chicago that it was necessary to send out the California Limited in three sections, making three separate trains running on the same schedule. In addition to this there was a special train under Raymond and Whitcomb direction. There were also three regular tourist trains, making a total of seven trains which pulled out of the Santa Fe station at Chicago yesterday, headed for Los Angeles. These will bring, probably, more than 1000 persons to this city Saturday afternoon.

CROOKSHANK-BEATTY COMPANY

GREGORY FOR POSTMASTER

Fullerton Democratic Commit-
tee Indorses Him to Suc-
ceed Edwards

FULLERTON, Jan. 29.—The local
Democratic committeemen have in-
dorsed R. S. Gregory for postmaster
to succeed Postmaster Edwards, whose
term of office will not expire for two
years. The local committee will re-
commend to the Orange County Demo-
cratic Committee that Gregory be re-
commended to the congressmen for ap-
pointment, but it is not believed any
steps will be taken to have the ap-
pointment made before Edwards' term
of office expires. Gregory has been

a resident of Fullerton for the past
twenty years and has been a Demo-
crat all of his life. He served one
term as deputy county assessor and
has also been a trustee of the city of
Fullerton during the past two years.
At present he is engaged in the real
estate business. He did not ask for
the appointment, but was urged to
take the place by many friends in this
city. The office here pays about \$2400
a year. It is said this will be in-
creased as the business of the rural
routes is being increased from month
to month and free city delivery ser-
vice has been ordered to begin in Full-
erton May 1 of this year.

Ships Trees

The Orange County Nursery reports
having shipped 80,000 fruit trees from
Fullerton during the past four weeks,
which is a good increase over its busi-
ness for January of last year.

The high school board has let a
contract for 28,000 square feet of side-
walk to be put down on the high
school grounds, the contract price be-
ing 9 cents a foot. A contract was al-
so let for 6000 feet of curbing and gut-
ter at 48 cents a foot.

EIGHT WEEKS WITH HOBOS, BOY READY TO RETURN HOME

Shelly Storey has had eight weeks
of life among hobos, and he is ready
to return to his home in Ft. Worth,
Tex. He was arrested here, and
was taken to jail. He gave his age
as 16 years. Probation Officer Scott
quizzed the boy, and secured from
him an address in Los Angeles,
where the boy said his father lived.
A letter to the place was returned.
The boy then said he had told a
falsehood, that his home is in Ft.
Worth. Scott has telegraphed to the
address given, asking if money will
be sent for the boy's ticket home. The
boy says he has had enough of the
hobo life, that it is a hard life and
he has had enough of it to rid him
of all the notions that once made it
look attractive.

ORANGE BANKS ELECT DIRECTORS FOR YEAR

Orange News: At the annual meet-
ings of the stockholders of the Na-
tional Bank of Orange and the Orange
Savings Bank, held today, the boards
of directors of both institutions were
re-elected for the ensuing year.

Of the National Bank of Orange the
directors are W. H. Burnham, D. C.
Pixley, F. L. Ainsworth, N. T. Ed-
wards, F. W. Eichen, R. W. Jones and
K. E. Watson. The board organized
with D. C. Pixley, president; F. L.
Ainsworth, first vice president; N. T.
Edwards, second vice president; J. R.
Porter, secretary and cashier, and F.
M. Gulick, assistant cashier.

At the directors' meeting, W. H.
Burnham, who has been president of
the bank since 1905, declined re-elec-
tion, explaining that failing hearing
made it difficult for him to preside at
the meetings. His refusal was re-
ceived with regret, for Mr. Burnham
has been of great value to the bank,
which has, during his presidency, made
tremendous progress in growth.

The Orange Savings Bank directors
elected were D. C. Pixley, F. W. Ed-
len, M. O. Ainsworth, C. B. Campbell
and F. D. Collins. The board will not
organize until its next meeting.

numbers its list of victims from influ-
enza, la grippe, bronchitis and pneu-
monia. La grippe coughs seriously
weaken the system and when they

PLAN CITIES TODAY AND SAVE MILLIONS TOMORROW

That the cities of California should
now plan wisely for their future
growth, in order to save the wasting
of countless millions hereafter in
costly and yet makeshift reconstruc-
tion, is believed by the University of
California, and so the university has
established a new course of lectures
on "City Planning," to interest its
students and the public in this great
world movement. Fifteen experts in
various fields will come to the uni-
versity to discuss the problem of how
cities may plan wisely for their fu-
ture.

That there will be two million peo-
ple in San Francisco and two mil-
lion in Los Angeles before another
generation goes by, and that the
other chief towns and cities of Cali-
fornia are destined to grow in some
such surprising way, is predicted by
competent and conservative experts.
So it is suggested by the lecturers of
this course that as a matter of plain
business self-protection California
towns should now, while land is
cheap, acquire ample areas for
schools, school gardens, public play-
grounds where young and old may
have healthful outdoor recreation,
parks, plazas, agricultural school
farms, and civic centers; provide
for harbor and transportation prob-
lems, plenty of room for street-car
and railway facilities, factory and
warehouse areas; broad traffic
streets, linking different portions of a
scattered community, provision for
both express and local street car
service between neighboring regions,
preservation of natural landscape fea-
tures, etc.

It pays to do city planning with
forethought, the university holds, for
such work not only adds to the com-
fort, health, and convenience of the
inhabitants of a town, but actually
saves the community enormous sums,
through preventing the excessive
cost of making changes when it is
too late to do things economically
and well.

Civic beauty is only one side of
the city planning problem—an in-
finitely important aspect is to pro-
tect the health, the comfort, and the
well-being of the home-dwellers of fu-
ture generations. Wise building re-
strictions need to be developed. Ev-
ery community needs a city planning
commission which shall see to it that
the town develops wisely instead of
just "happening," which protects the
beauty and the comfort of the com-
munity, and foresees future needs.

This city planning course is to be
given under the joint auspices of the
Students' League of the Republic, an
organization devoted to study of civic
problems, the Agricultural Associa-
tion, and the University Extension
Division. It is expected that several
hundred students will be regularly
enrolled for the course and that there
will be an attendance of large num-
bers of visitors. Among the speak-

ers will be Professor Thomas H.
Reed, on the marvelous expansion of
city life in recent generations; Dr.
Werner Hegemann of Berlin, on
problems of city planning; John Gal-
len Howard, director of the school
of architecture, designer of the Hearst
plan of the university and of the
new civic center of San Francisco,
on the art of city planning; William
R. Wheeler, manager of the traffic
bureau of the San Francisco Mer-
chants' Exchange, on railway facili-
ties; City Manager M. M. O'Shaugh-
nessy of San Francisco, on streets
and traffic, including municipal trans-
portation; Charles Gilman Hyde, pro-
fessor of sanitary engineering in the
university, on water and sewer sys-
tems and methods of street con-
struction; Charles H. Cheney, the
architect, on the zone system of city
planning and special features in the
planning of business and manufac-
turing districts; Dr. Jessica B.
Peixoto, of the State Board of Char-
ities and Corrections, on the garden
city, the tenement, and other experi-
ments in the housing problem; Dun-
can McDuffie, a pioneer in the artis-
tic development of restricted resi-
dence districts in Berkeley and in
San Francisco, on wise building re-
strictions for residence quarters in
cities and towns; George W. Dickie,
superintendent of playgrounds in
Oakland, on the outdoor and indoor
recreational facilities which cities
ought to provide for their citizens;
J. W. Gregg, professor of landscape
gardening, on gardens—public and
private—and city planning; and John
J. Donovan, supervising architect for
Oakland, on what a city can do in
the way of planning its schoolhouses
so as to use them for vastly wider
community purposes than were con-
templated in the old-fashioned plan
of opening them a few hours a day
just for keeping school, and locking
them up useless most of the time.

GOOD SUGGESTION TO SANTA ANA PEOPLE

ORANGE COUNTY REPUBLICANS TO MEET

Secretary Will Call a Gathering of Committee for Next Week

The Orange County Republican Central Committee, the stalwarts, will hold a meeting at 2:30 o'clock on the afternoon of Saturday, Feb. 7. J. C. Burke, secretary of the committee, will send notices to members of the committee. These notices will be mailed on Saturday of this week, and will name the Santa Ana city hall as the meeting place.

It will be remembered that two years ago, the Progressives secured control of the county convention, and took charge of the Republican County Central Committee. The stalwarts held another meeting soon afterward and selected another central committee, which they claimed to be the real Republican committee.

Two weeks ago the Republican committee that had been headed by S. J. Jackman as chairman met and adjourned sine die, and the Progressive County Central Committee was organized. Jackman's committee will no longer meet as a Republican committee, and there will no longer

be any dispute over the right of the stalwarts to the use of the name. In this county no mass meeting for reorganizing a central organization of the Republican party will be necessary. Secretary Burke is calling the committee together mainly to elect officers for the year and to fill whatever vacancies there may be in the committee, and to take what other actions the committee may desire.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make it Soft, Fluffy and Luxuriant

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you will see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—that's all.—Advertisement.

WOMEN AND WET FEET

Cold and wet feet are a dangerous combination, especially to women, who are more prone to kidney disease than men. Congested kidneys come from a cold, and backache, rheumatism, urinary irregularities and rheumatic forms are not unusual results. Foley Kidney Pills restore the regular and normal action of the kidneys and bladder, and so remove the cause of the trouble. It is an honest and curative medicine that always gives results.—Wingood's Drug Store.

MAY BUILD A DAM IN MAIN CANYON BED

Expert Advises Preference be Given to Santiago, Not to Fremont

(By Staff Correspondent.)
ORANGE, Jan. 29.—The John T. Carpenter Water Company has started digging a new well close to its present well. It will depend upon the season, however, whether or not the well machinery shall be installed as soon as the well is done. The contract for a 4 by 4 feet pit to a depth of 200 feet has been let to L. W. Crawford of Orange, while Elliott and Sherwood have the contract for boring an 18-inch hole.

Charles Sherwood has been employed by the water company for some time looking over the ground near the fourth crossing in the Santiago canyon as to the advisability of building a dam at that point.

An agreement existed between the John T. Carpenter Water Company of El Modena, the Serrano Company of Villa Park and the Irvine Company that a dam should be built in Fremont canyon if completed within five years. However, on the advice of a Los Angeles expert who considered that the Santiago canyon offered better facilities for storage room, the three companies are thinking of selecting that site in preference to Fremont canyon.

Mrs. John Mueller, a recent bride, was honored with a surprise party last evening by the Sewing Circle girls at the home of her mother, Mrs. Katie Behmler, on South Shaffer street. Mr. and Mrs. Mueller have just returned from their wedding trip and are spending a few days at the Behmler home before leaving for their home in Davenport, Nebraska.

The Sewing Circle planned the affair in place of their regular Wednesday meeting. The surprise was successfully carried out and all enjoyed a pleasant social evening at the Behmler residence. All brought refreshments and these were enjoyed later in the evening.

Those present were: Mr. and Mrs. John Mueller, Mrs. Katie Behmler, Mr. and Mrs. Carl G. Jora, and the Misses Helen Miller, Lena Miller, Minnie Grote, Lena Grote, Dora Kogler, Alma Wyneken, Catherine Michel, Martha Anschutz, Minna Maas and Louise Schaefer.

About a dozen Rebekahs attended

the Torosa lodge meeting in Santa Ana last evening, and had a most enjoyable time. A delicious banquet was served at 6:30, followed by the initiatory ceremony. The following were present from Orange: Mr. and Mrs. C. A. Palmer, Mr. and Mrs. W. T. Porter, Mr. and Mrs. R. F. Dreyer, Mr. and Mrs. C. J. Porter, Mrs. L. E. Jones, Mrs. L. B. Gitchell, Mrs. J. S. Zuckerman, Mrs. Horace Lucy and H. Z. Adams.

J. S. Brownlee, who has been employed at the El Modena store, has resigned.

The Glassell and Center street basketball teams will settle the grammar school championship in a game at the Athletic Club this evening.

IF HEADACHY, DIZZY, BILIOUS, 'CASCARETS'

Clean Your Liver and Waste-clogged Bowels Tonight! Feel Bulky!

Get a 10-cent box now. You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh purgatives that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.—Advertisement.

A Difference in Working Hours
—A man's working day is 8 hours. His body organs must work perfectly 24 hours to keep him fit for 8 hours' work. Weak, sore, inactive kidneys can not do it. They must be sound and healthily active all the time. Foley Kidney Pills will make them sound and well. You can not take them into your system without good results following their use. They are tonic in action, quick in results, and contain no habit-forming drugs. Try them. Wingood's Drug Store.

THE EXTREMES OF THE STOCK MARKET

After a long period of scraping along on bed rock, the stock market has advanced. Sentiment on the various exchanges is more hopeful.

The public that watches from afar the doings of the speculators should not think that this is necessarily a favorable time for them to engage in speculation. The cream is never secured by those who buy when hope prevails on Wall street. The time to make money, if ever, is when Wall street is convinced that the country is headed straight for the kennels. A few bargains can then be picked up.

The stock broker sees everything either all sunlight or all pitch black. There are no intermediate shades of twilight.

The man who can risk his whole career on the roulette wheel of stock investments has the gambling spirit. If gamblers were regarded as socially acceptable, he would place his shiny coins on the green cloth.

When he is hopeful, he cannot admit the possibility of clouds and storms. He buys at top level prices. These are based on fictitious valuations. They assume the persistence of flexible money markets, and disregard the yeasting social unrest that must shake the business fabric for a long time.

When this type of man is converted to the "bear" position, he goes to the opposite extreme. He ignores the fundamental common sense of the American people. He fails to see that all political parties want prosperity, and that any political party will make many fops and reversals to keep in power. Depression never goes far before it rights itself.

Wherefore no man is fit to spend a dollar on stock investment who depends much on the hope fed by these sporting gents. It is as unreliable as tips on the races.

THE HEALTH OF SCHOOL CHILDREN

The report for 1912 of the medical officer of the British board of education has just been issued. It contains an exhaustive account of the measures which are being taken throughout the country to safeguard the health of school children. Uncleanliness still occupies a large share of the time and energy of the officers of the school medical service, but the returns show a decided and progressive improvement, and the grosser forms of uncleanliness are now rare as compared with the conditions that prevailed when medical inspection was instituted in 1908. There are about six million children in the public elementary schools. About 19 per cent. suffer from serious defects of vision. Among the causes given are heredity, early eye-strain, defective lighting, infectious diseases and neglect in obtaining early medical advice. From 1 to 3 per cent. suffer from defective hearing; from 1 to 3 per cent. have suppurating ears; about 19 per cent. have adenoids, inflamed tonsils or enlarged cervical lymph-nodes requiring surgical treatment; 1 per cent. suffer from ringworm; 1 per cent. suffer from tuberculosis of readily recognizable form; from 1 to 2 per cent. have heart disease; from 39 to 40 per cent. have unclean heads or bodies, and more than half the children are in need of dental treatment.

In five directions school hygiene has undergone evolution. There has been a steady improvement in the routine work of medical inspection, and ancillary undertakings. There is less "leakage," more following up and more accurate clinical examination. Secondly, there is fuller differentiation of abnormal children and a tendency on the part of authorities to modify the school curriculum in their behalf. Much time and labor are now being devoted to mentally defective, tuberculous, stammering and frail or retarded children. Thirdly, there has been an enlargement of the conception of the sphere of influence of the school medical officers. Education authorities are finding that though they have been appointed in the first place merely to inspect children, they may fill a very useful place in the educational system. Fourthly, there has been a marked advance in respect to medical treatment both in quality and in quantity. Lastly, the intimate relation between school hygiene and education is becoming recognized and its application understood. The equipment of the school, the character of the teacher, the importance of physical exercise and manual work, the relation of the leaving child to the national insurance system, to industrial employment, to further education in secondary school, and to its own home life, are now receiving attention. Thus the

school medical work and the issues arising therefrom, says the London correspondent of The Journal of the American Medical Association, are beginning to form an integral part of our educational system.

W. A. HUFF,

Sonoma Poultrymen Against Chinese Eggs And Give Reasons Why

Here is an article from the Petaluma (Sonoma Co., Cal.) Courier which cannot fail to be of interest especially to Orange county poultrymen, and in general to all people who use eggs.

This article might be considered as coming from Orange county egg-producers, and in reading it Santa Ana and Orange county may be substituted for Petaluma and Sonoma county.

(From the Petaluma Courier.)

The Sonoma County Poultry Producers Federation, which is composed of seven branch associations with a membership of some five hundred, has furnished the Courier through a special committee composed of Knox Houde, of Sebastopol, and T. Howard Hansen, of Pennings, with an article against the "Chinese Eggs," with a request that it be published. The Chinese eggs have been shipped into this state for some time and many more cases are reported to be on the way. The Federation's article is as follows:

Forty thousand cases more, or 14,400,000 eggs are soon to arrive in San Francisco from Shanghai, China. According to the reports of travelers through China, and also those of white people who have resided there for some time, Chinese eggs are often produced under extremely filthy conditions. The inhabitants depend largely on their chickens to act as scavengers. An egg produced under such circumstances cannot be fit food for human beings from the viewpoint of the white race. It does not, therefore, require much stretch of the imagination to think of Chinese eggs in connection with filth, refuse or manure, which, instead of being buried, or disposed of in a sanitary way, is used by the thrifty but dirty Chinaman for chicken feed. This certainly makes the Chinese eggs repugnant to us (the white race) when used as food. If the reader is inclined to doubt this, simply ask friends who have been in China, or some of the Americans who took advantage of the Chinese eggs in connection with their visit to Chinatown, San Francisco, and smell a few of the doors down there. This Chinese egg comes into competition with our California eggs. Now it is certainly unfair business to expect or require California poultrymen and in particular the Sonoma county poultrymen, who produce the best eggs in the state, to accept low prices for their eggs, simply because a cheap egg, costing the importer eight cents

a dozen in Shanghai, laid down in San Francisco for fourteen cents, and recently sold at twenty-eight bakeries, delicatessen shops and restaurants in San Francisco—produced by a Chinaman who is glad to live on fifty dollars per year. No white man can compete in such a game as this. No California poultryman can pay taxes, educate a family and be a good citizen generally if the Chinese eggs continue to come in. It will kill the poultry business here effectively. It is necessary that they have a fair profit. Poultrymen do not live and we are not going to live as the Chinaman in China.

Sonoma county poultrymen feed their hens the best of wheat, corn and mill stuffs. Everything possible is done to keep them clean and healthy. The Sonoma county egg is large and white. It cannot be sold at low prices because wheat, corn and mill stuffs are high. Our egg is thoroughly wholesome. In Sonoma county the inspection of poultry plants is always open to individuals, firms or the state authorities.

The Petaluma poultry center, including the surrounding territory and towns of Santa Rosa, Sonoma and Sebastopol is known as the largest of its kind in the world. It is advertised as one of the show places of California. If the people of this state wish to distinguish the industry in a very short time, all they have to do is to buy promptly all the Chinese eggs—which are filthy and unfit for consumption, that the importers bring to San Francisco. It is one of the boasts of our state that California is thoroughly loyal. Refuse to use the Chinese egg, or to patronize stores that do; call for and demand the Sonoma county egg—the big white egg—the best cold storage egg—the best winter egg—the only egg in the state that grades in the industry that make Petaluma famous will prosper; if not, it will be destroyed very quickly by Chinese competition.

Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat is gone! End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

Good for Every Meal
The grapefruit is today the aristocrat of the breakfast table, and its users, says the Delineator, are discovering constantly new ways to make it fit every sort of meal. Here are some of the best and latest:

Grapefruit nut salad—Cut grapefruit and carefully remove center, leaving a lining of fruit. Fill space with English walnuts and almonds, half and half. Salt nuts lightly. Make a dressing by straining juice from center of fruit and mixing with olive oil—two parts juice and one part olive oil. Pour over nuts, chill and serve.

Grapefruit salad—Halve and remove inside of fruit. Strain the juice and cover with two tablespoons of sugar, two tablespoons of chopped mint cherries, two tablespoons of chopped almonds and one tablespoon of grape juice. Chill thoroughly, serve in grapefruit shells and garnish with sprigs of mint.

Grapefruit sherbet—Halve three grapefruit and scoop out centers. To the juice of the grapefruit add juice of three oranges, one pint of water, two cups of sugar, a tablespoon of chopped crystallized ginger and the well-beaten whites of three eggs. Mix thoroughly, freeze until firm. Serve in grapefruit shells.

Grapefruit surprise—Halve fruit and carefully cut out centers, leaving a lining of fruit. Whip a pint and a half of cream to a froth, skimming off froth as fast as it rises, and place in a colander to drain. That which drains off may be put back and whipped over. Add one cupful of blanched almonds. Mix thoroughly with sugar until quite sweet. Pile high

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing, relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

in grapefruit and place on ice for three or four hours.

Grapefruit pudding—Cut in half and scoop out the centers of three grapefruit. Beat the whites of three eggs until quite stiff, then add gradually one cupful of sugar, beating all the while. When very smooth and light, add strained grapefruit-juice and beat again. Mix with a cupful and a half of diced bananas. Fill grapefruit shells and serve very cold. This is a cheap as well as a delicious dessert for either dinner or luncheon.

Candied grapefruit-peel—Cut grapefruit-peel in strips, then make a syrup of one cupful of sugar to one-half cupful of water. Boil until sugar is dissolved. Then drop in peel and cook until tender. Remove and roll in sugar. This may be used as a confection; it also makes a delicious seasoning for custards, puddings, etc.

H. R. BRISTOLS ARE ROBBED OF JEWELRY

Abandoned Motor Car in Kern

County—Returning Found Suit Case Rifled

From the Madera Tribune of January 24, an item gives below concerning well known people formerly residing in Santa Ana, the H. R. Bristols and daughter, Miss Marian, is taken. The article gives Mr. Bristol's initials as "W. H." instead of "H. R." but as the Bristols have a home in Madera, they are undoubtedly the people referred to. The Tribune says:

"Mr. and Mrs. W. H. Bristol and daughter, Miss Marian, motored into town last evening on a return trip from Kern county last night, and discovered upon arriving here that numerous articles of jewelry had been removed from their suit cases.

"While near Delano in Kern county night before last their machine became mired, and they abandoned it and the suit case in question for the night and walked into Delano.

"Yesterday morning they resumed their journey home, and when they opened the suitcase the jewelry was missing.

"It was taken from the suitcase during the night when the automobile was stranded.

"The stolen jewelry consists of two gold circle pins, one of pearl and the other of sapphire setting, 1 gold circle pin set with pearls and cross at top, 1 gold circle pin set with pearls and bearing initials W. E. D., 1 gold and black enamel fraternity pin set with pearls, W. E. Dunlap, 1 diamond and pearl bar pin, 2 strings of pearl beads of no value, 1 gold band bracelet, 1 ring with small set, 1 gold clasp, 1 gold locket marked D., 1 diamond ring and a string of gold beads."

How to Raise Ferns
To have success with ferns indoors one must study their peculiar requirements. Any apartment in which the air is unduly dry or vitiated is not conducive to fern growing. Ferns thrive better in large apartments and do not stand changes in temperature as well as other plants.

It is a mistaken idea that because ferns grow luxuriantly in shaded nooks, that they do not require sunlight. On the contrary, ferns will not grow when placed too far from the window light. Northern light is preferable to southern light. Care should be taken not to use very cold water when watering them, also do not put tender ferns out in the rain.

Too much heat and too little light will make your plants produce long leafless, straggly stalks. The right temperature for house plants should not fall below forty degrees and seventy degrees of moist heat is the most satisfactory condition for plants in the day time.

Among the best house ferns is the new crested holly fern, which is next to the Boston fern for indoor use. Its foliage is a rich dark green with the edges deeply cut. The Boston fern, of which there are so many named varieties, are particularly adapted for indoor use on account of their hardiness and graceful appearance. They are also satisfactory in summer for porch decoration and window boxes. The various varieties of adiantum or maiden hair ferns are well known, and with proper care most of them will thrive indoors.

The oboitum fern is one of the most desirable and valuable ferns in existence, its large, lacy leaves making it an object of great beauty.

Cocoa Fudge
Put two cupfuls of granulated sugar, one cupful of sweet milk and four tablespoonfuls of cocoa in a saucepan. When the boiling point is reached, add one-eighth teaspoonful of cream of tartar. Cook slowly until a soft ball is formed when a little is tried in cold water. Remove from fire, add one teaspoonful of butter and let stand for 10 minutes. This will make the candy creamy. Then beat, and just before it becomes thick add one cupful of chopped nuts. Pour on buttered nabisco tins if possible, and allow to cool. Cut when firm.—Los Angeles Express.

THE CITRUS FRUIT INDUSTRY

THE PROFITABLE AND ATTRACTIVE ORCHARD FRONTAGE

The wisdom of "putting the best foot forward," of making orchard fronts, residences, vacant lots and front yards attractive to the Exposition visitor in 1915, is day by day becoming more widely recognized.

The neat citrus orchard frontage attracts favorable attention; as not only being pleasing to look upon, but also as pointing to a successful and profitable orchard behind it.

"Clean up the vacant lots" is an ever-present cry around the citrus belt. "Clean up days," "Arbor days," and the like order to clean up the many of the thriving little towns around us; and all tend to beautify and materially benefit the communities where practiced.

The recent proposal in Los Angeles County to plant the county highways and vacant places in Los Angeles and all the villages in the county with roses and other flowering plants, a committee of fifty to be appointed, representative of the entire county, to carry out the plans, for which a special 2c tax levy is suggested, is the most important movement yet inaugurated along these lines in California.

Experience, however, has shown that any permanent success in beautifying our highways and driveways rests primarily on the degree of interest taken therein by the abutting property owners; and in order to claim the universal interest of these taxpayers, not only the aesthetic but the utilitarian side of the question must be prominently emphasized; otherwise spasmodic rather than continued results are likely to obtain.

This movement toward the beautifying of our roads and countryside is a real one, and will undoubtedly have an important effect upon the class of settlers coming to live in our midst; and nowhere can greater results be obtained than in our many citrus districts.

In the citrus districts opportunities abound not only for beautifying, but at the same time for planting out trees and shrubs of great economic value, vastly improving the attractiveness of the orchard fruits, and at the same time providing funds more than sufficient for the extra care given them.

The planting of profitable as well as attractive trees or plants along the front of the orange or lemon orchard acts as a strong incentive to the maintenance of a clean and neat frontage in order that the crops produced thereon may prove of the greatest value.

Prominent among the handsomest of the profitable shade trees for setting out along citrus frontages are the walnut, almond, chestnut, all of which do well and yield well with a reasonable amount of care under such conditions as are to be met with along the roadside.

DANIELS ASKS FOR TWO BATTLESHIPS IN PROGRAM FOR 1915

WASHINGTON, Jan. 29.—Secretary of the Navy Daniels told the house naval affairs committee that the president wants at least two battleships next year. The Japanese situation was not discussed. Daniels thought the naval policy should be removed from politics. He said America is not participating in the mad rivalry of foreign nations for naval supremacy, but urged at least a sufficient increase of ships to maintain the present rank as a naval power. He did not believe the powers will agree to a naval holiday but admitted the feasibility of an agreement for a limited naval construction program.

Easy Enough
Two couples out for a walk one day came to a river over which there was a bridge. But tied up at the bank they found a small boat. Each of the men weighed 200 pounds and each of the women 100 pounds. The carrying capacity of the little boat was only 200 pounds. How did the two couples get across the river in the boat?

TOROSA JUBILATION

Banquet and Initiation and Presentation of Classy Costumes for Order

It took eighty pounds of as fine geese as County Treasurer Joplin—and his poultry is famous—ever raised to supply the tables of a splendid banquet given last night by Torosa Rebekah lodge. The ladies of the lodge had prepared an unusually good feast, and an unusually large number of people were present, including a number of visitors from Orange, to enjoy it.

After the banquet new costumes were presented to the lodge, and were used in the initiation of a neophyte, Floyd Mitchell. Following initiation came a number of addresses.

The ladies of Torosa particularly appreciate last night's event as it was practically managed by the men, Messrs. Joplin, Moore, Shaw and others donned aprons for preparing and serving the banquet which was eaten at 6:30 o'clock. The men also raised the money for the new robes which were displayed to advantage last evening when donned by Messrs. Uttley, Joplin, Moore and Shaw, and worn during the initiatory ceremony. Adding to the pleasure of the evening was the large number of visitors from near-by lodges and from outside of the state. A number of short talks were made by the visitors, Prof. Palmer of Orange being one of the leading speakers.

Took Imaginary Journey
The Young Ladies Travel Club met Wednesday afternoon at the Bush street home of Mrs. Carl Strock, the majority of the members being present. Two new members were added to the club, these being Mrs. Emory Ratcliffe and Mrs. Albert Shaw.

After a business session, Miss Lulu Minter and Miss Ava Wells took charge of the afternoon's program. The club is now studying South America, and on Wednesday afternoon the study included Bogota, the capital of Colombia. The treatment of the subject was most interesting. The class was asked to take a travel journey by the way of an imaginary sea voyage, going from port to port, learning the distances and length of time consumed between ports; of the country and its scenery, its inhabitants and its customs and government. The imaginations of the students were stimulated by maps and pictures of the country traversed.

A social hour followed in which chat as to the travel lesson and on topics of more local interest was enjoyed over light refreshments served by the hostess. The next meeting will be on Feb. 11, with Miss Tiede.

Quitting Party
An old-fashioned quitting party was held at the home of Mrs. I. O. Wilson yesterday afternoon, a pleasant time being enjoyed. Mrs. Wilson's daughter, Mrs. J. M. Long, served dainty refreshments.

TEDFORD DINNER PARTY

Delightful Affair for Party Starting Soon for Travel in the Orient

Mr. and Mrs. W. B. Tedford entertained with a charming dinner party last evening in honor of Miss Lida Crookshank, who sails on February 8 from San Francisco for the Orient in company with Mrs. Gertrude Finley and Miss Celia Cotter. The two latter were special guests last evening. The decorative color scheme was yellow, hyacinths and ferns being used in adorning the table daintily appointed for the four-course dinner. The evening following was spent in music and an interesting progressive game, and the lovely home presented an animated scene.

Those at the dinner were Miss Crookshank, with Mrs. Gertrude Finley and Miss Celia Cotter, the others of the trio going to the Orient; Mr. and Mrs. M. M. Crookshank, Mr. and Mrs. E. M. Nealley, Mr. and Mrs. A. J. Crookshank, Mr. and Mrs. Clarence Tedford; Clarence Crookshank, Mr. and Mrs. W. B. Tedford, and Miss Lois Tedford. Misses Marguerite Tedford and Violet Wiesseman very acceptably served.

Miss Crookshank, Mrs. Finley and Miss Cotter will stop in Honolulu for a fortnight, and will visit the Philippines, Korea, Japan and other places dictated by their fancy. Their stay abroad is indefinite but will probably consume three or four months. Mrs. Finley and Miss Crookshank toured Europe together a few years ago in company with M. M. Crookshank, the Medlocks, the Frenches, Mr. and Mrs. H. C. Dawes, John Cubbon, Miss Catherine Cubbon and Miss Orr.

Santa Anas Marooned
Mrs. E. H. Prince this morning received a night letter by wire from her daughter, Miss Frances Condor, at Santa Barbara, which city has been marooned by the storm for several days. She says all Santa Ana people there are well, but are missing mail and travel facilities. Among the Santa Anas in Santa Barbara besides Miss Condor are Miss Edna Robbins, Leroy Warren and Charles Robinson.

Mrs. Nealley to be Speaker
Mrs. Edward M. Nealley will deliver a lecture on "The University and the Modern Spirit" before the College Woman's Club on Saturday, February 7, at a luncheon to be given at the Friday Morning Clubhouse, Los Angeles, with the Smith and Wellesley College women as hostesses. Mrs. Nealley has a most happy method of speaking and the college women have a treat before them in her address.

Pastor Recovering
The many friends of Rev. Fred Staff will be glad to learn of his rapid recovery. Mr. Staff was obliged to give up his work as pastor of the Congregational church a few weeks ago on account of his health, and has been occupying a cottage at Newport Beach. Under the helpful influence of this rest and quiet his improvement within the last week or ten days has been very marked, and he is planning to resume his regular pastoral duties in a couple of weeks.

G. A. R. "RED LETTER DAY"

Department Commander Stormant and Staff Meet County's Patriotic Societies

Yesterday was a "red letter" day in G. A. R. interests, when Department Commander Stormant of Pomona, and his staff visited the local post. An effort on the part of the department commander to visit the other posts in the county had been unsuccessful on account of the rain, and Commander Leiser of Sedwick Post, invited the G. A. R., W. R. C. and Ladies of the G. A. R. membership of the county to meet the commander and his staff here. A large gathering greeted the department officials, more than 200 people being present.

Comrade Langley gave a fine address of welcome and introduced Commander Stormant, saying they had been boys together, soldiers together, citizens together, and friends always. Commander Stormant responded, relating briefly his visit to the national G. A. R. encampment in September last, held in the historic city of Chattanooga, where the great battles of Chickamauga and Lookout Mountain were fought.

Addresses were made by members of the department staff, by Commander O. V. Knowlton of the Southern California Veterans' Association, Commander Leggett of Gordon Granger Post, and Mrs. E. H. Mills, secretary of the Woman's Auxiliary of the S. C. V. A. Emphasis was laid by all the speakers on the value of teaching patriotism in our public schools.

An informal reception was held at the close of the meeting, to enable all to meet the guests of honor, and the comradeship of the "Auld Lang Syne" was made stronger as with the good-byes, came the thought that, for some present, "taps" might be sounded before another reunion.

Dancing Party
One of the most delightful dancing parties of the season was that given in the Armory Hall last evening by the Williams school for dancing. Excellent music was furnished by the Purcell Orchestra of Los Angeles. About thirty couples were present and the evening throughout was one of much enjoyment.

Ebels to Hear Mrs. Stark
The Ebels Society will hold its regular monthly meeting in Elks Hall, Saturday afternoon at 2:30. Mrs. Lillian Quinn Stark of San Francisco, whose work as a dramatic reader is well known and much sought after in the cities around the bay, will read August Strindberg's drama, "Lucky Pehr." This play is said to be the most delightful one that Strindberg has produced, and in symbolism and fanciful romance is compared to Maeterlinck's "Blue Bird" and to "Peter Pan." Mrs. Stark has appeared recently before the Los Angeles Ebels, and the Santa Monica Club, where her work has been greatly enjoyed.

Delightful Luncheon
A most charming one o'clock luncheon was given yesterday by Mrs. Addie Collins at her pretty French street home, with covers for sixteen ladies. Greenery was used in house and table decorations, ferns being used in the living room, smilax in the dining room while on the small tables, at each of which four ladies were seated, were crystal dishes of maidenhair fern. The effect was most delicate and pretty. Girls with umbrellas were etched on the place cards, cheerfully significant of the recent "spell of weather." Small green baskets held the candy, and the frozen punch was in the same green tint. Mrs. Charles Kelley assisted Mrs. Collins in serving.

Cards were played in the afternoon and Mrs. H. C. Dawes aided in scoring. Mrs. Charles Kelley with high score, won a dainty lavender handkerchief case containing two pretty kerchiefs. As chance would have it Mrs. Kelley was gowned in lavender, hence the gift was happily apropos. Mrs. J. I. Clark and Mrs. J. W. Bishop cut for consolation trophy, a box of pretty stationery. Mrs. Clark winning. Mrs. Collins' guest list included Mesdames J. W. Bishop, E. B. Burns, J. I. Clark, A. J. Crookshank, H. L. Connell, L. J. Carden, L. A. Collier, C. V. Davis, H. C. Dawes, Chas. Kelley, H. D. Rutherford, Frank Remsburg, W. A. Huff, W. E. Winslow, W. A. Zimmerman, Ella Fyfe, J. P. Baumgartner.

At Clune's Theater
There will be an entire change of program at Clune's Theater this evening. Last evening the house was packed, and the various numbers were enthusiastically received. Belding and Souder made a distinct hit, they being called back several times. The singing of the "Kewpie Song" was excellent. The management announces that they will be here for the rest of the week. The performance is of the highest class and deserves the patronage of the theater-going public of Santa Ana.

A feature number to be presented this evening will be the "Dancing Trio." This is a good act and must be seen to be appreciated. The music by the orchestra, which is under the direction of Prof. C. E. Krieger, is always of the best, and is so recognized by the people attending the theater.

ANNOUNCEMENT
We wish to announce to the ladies of Santa Ana and vicinity that on Wednesday, January 28, we will open our new Manicuring and Hair Dressing Parlor. We have fitted up a parlor at the rear of our millinery store and have equipped it with every modern appliance for doing the best of all work in these lines. SOCIAL CENTER RECIPES EXCHANGE EVENING

"Recipe exchange night" made a jolly social evening for a number of Wisconsin communities on Friday, January 23. A special program featuring the delights of cookery had been mailed to 150 communities that receive regularly all program material sent out by the bureau of social center development of the University of Wisconsin extension division.

Exaltation of cookery and cooks was the theme of the evening. Each guest wore a cook's white cap and apron. Effectively massed vegetables, strings of fruit and exhibitions of old-fashioned dishes and utensils in contrast with the most modern improvements were among the decorations. The games included discrimination tests of taste, smell, etc.

The main purpose of the evening was the exchange of ideas concerning the preparation of food.—C. S. Monitor.

ANNOUNCEMENT
We wish to announce to the ladies of Santa Ana and vicinity that on Wednesday, January 28, we will open our new Manicuring and Hair Dressing Parlor. We have fitted up a parlor at the rear of our millinery store and have equipped it with every modern appliance for doing the best of all work in these lines. We have engaged Mrs. Longstreet of Los Angeles to take charge of the parlor. She is a lady who has had experience in the best parlors of Los Angeles and San Francisco and we can promise the best of satisfaction. The Misses Rutherford, 109 East Fourth street.

PENROSE TO ANNOUNCE HIS CANDIDACY FOR RE-ELECTION

PITTSBURG, Jan. 29.—United States Senator Boies Penrose is expected to announce his candidacy for re-election at the Hot Springs, Schenley tonight, when he appears as the principal speaker at the fifth annual banquet of the Young Men's Tariff Club. Others slated to address the gathering are Senator George T. Oliver of Pennsylvania and Congressman Frank W. Mendall of Wyoming. A feature will be an address in honor of the memory of William McKinley, Governor John K. Tener and staff and many prominent judges, educators and physicians from all parts of the state are expected to attend.

OHIOANS TO HONOR MCKINLEY
WASHINGTON, Jan. 29.—Departing somewhat from its usual custom, the Ohio State Society of Washington will observe tonight the birthday anniversary of President William McKinley with a buffet supper and ball, instead of the conventional banquet.

Associate Justice Day of the supreme court, president of the society, will preside at supper, and introduce four speakers—Col. Clem, "the drummer boy of Chickamauga," Charles F. Marvin, chief of the weather bureau; Counselor John Bassett Moore of the state department, and Senator Sherman of Illinois. Moore's address will deal with McKinley in diplomacy. The society has adopted as its slogan "The rainbow comes down in Ohio."

"PURE SEED" LAW DISCUSSED
HARRISBURG, Pa., Jan. 29.—The new "pure seed" law was one of the principal subjects before those attending the thirty-seventh annual meeting of the State Board of Agriculture here today. While it was not formally taken up in any of the addresses of the day, it was given wide discussion. For several weeks the laboratory of the state department of agriculture has been carrying on extensive examinations of seeds in bulk and package form, for the purpose of detecting Canadian thistle and other harmful seeds.

ONE PROPOSITION IS APPROVED AT POLLS

Anahem Gazette: By a majority of 74 the proposition to issue \$7,000 for a motor-propelled fire truck was voted by the electors of Anaheim Tuesday but they declined to build a home for the truck and the fire ladders by a majority of seven, and also voted down Trustee Hamler's pet scheme for the establishment of a city park by 272 votes.

Little interest was taken in the election, according to the returns from the election boards, as only 750 votes were cast out of a total voting strength of more than 1600 in the city. Almost a thousand voters were not sufficiently interested in the questions to go to the polls.

TWO MORE HOSPITAL ATTENDANT EXAMINATIONS TO BE HELD

The California State Civil Service Commission announces examinations for state hospital attendants, as follows:

In the Southern California State Hospital at Patton, Cal., on February 10, 1914, and in the Mendocino State Hospital at Talmage, Cal., on February 15, 1914.

The salaries range from \$40 to \$55 per month, in addition to board, rooms, light, heat and laundry.

Applicants will be examined in a brief exercise in report writing, in training and experience, personality and fitness, and physical qualifications.

Application blanks and further information may be obtained from the Civil Service Commission at Sacramento.

All applications for Southern California State Hospital must be filed by February 5, and for Mendocino State Hospital by January 31, 1914.

Wonderful Cough Remedy
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. Dr. P. Lawton of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail, H. E. Conserving Your Estate

Conserving the value of your estate, keeping up its income and steering clear of risks are matters which require a degree of legal knowledge and an experience in investment matters rarely found in an individual.

And, qualifying in these particulars, there yet remains the uncertainty of the individual executor's life and occasional absences which are great drawbacks to individual trusteeships. Inquire of an officer of the Orange County Savings & Trust Company, concerning the advantages this institution offers in conserving your estate.

SALTS IS FINE FOR KIDNEYS; QUIT MEAT

Flush the Kidneys at Once
When Back Hurts or Bladder Bothers

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

KELLY'S RECORD IS TO BE DEFENDED

Los Angeles Times: Warren Bovard has come to the rescue of Fred Kelly, and the latter's record of 15 flat in the high hurdles, made at the Pacific Coast intercollegiate meet last spring. Bovard took action immediately upon seeing the dispatch regarding Kelly's danger of losing the great record because of a failure to apply to the Pacific Athletic Association and the national body of the A. A. U. for recognition of the new mark.

Bovard claims that all the necessary steps were taken. He was on the ground at the time the record was made and spoke to President Elliott of the P. A. A. at once. The latter was acting as referee of the meet and stated that he would take it up with the record committee of the body.

All the other steps were taken at the same time, and Bovard gave the matter no further consideration. Elliott, in addition to promising to look after the matter, as he should, since the meet was under the jurisdiction of that body of the A. A. U., also stated that he would see to it that the necessary steps would be taken to notify the national body.

But, in order to take no further chances of Kelly's losing the mark, Bovard wrote a long letter to James Sullivan, secretary of the A. A. U., yesterday setting forth all of the points and the action taken at the time the record was made.

From the facts of the case and the prompt action taken by Manager Warren Bovard, who is some fighter when it comes to standing up for his athletes' rights, there seems no reason to doubt that the record will be recognized and will stand.

COLDS TO BE TAKEN SERIOUSLY.—Intelligent people realize that common colds should be treated promptly. If there is sneezing, with chilliness and hoarseness, tickling throat and coughing, the latter especially annoying at bed time, use Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, stops the cough which causes loss of sleep, and lowers the vital resistance to disease. Remember the name, Foley's Honey and Tar Compound and avoid substitutes. Win-good's Drug Store.

H. W. SUTTON SUCCESSFUL APPLICANT FOR PLACE

Attempts to be Made to Open South Harwood Street

Orange News: Herbert W. Sutton was appointed city marshal last evening after Marshal H. S. Warner had handed in his resignation to the board of trustees.

Marshal Warner, who has made an enviable record as an officer, had applied for appointment as driver and care-taker of the automobile fire truck, a position recently created by the board. He therefore turned in his resignation as marshal.

A. L. Ellis and Herbert W. Sutton had applications before the trustees for the position vacated by Warner. After a conference held in executive session, Sutton was named as marshal. The appointment is to become effective February 1.

The application of Warner as care-taker and driver of the fire truck was then considered. It was supported by a petition signed by a number of Orange people. There were no other applicants and Warner was appointed. An attempt to open South Harwood street between Chapman and Almond avenues is to be essayed. The street is open with the exception of a strip 214.50 feet long and about 25 feet wide owned by Robert Borchard at the corner of Chapman and Harwood. The city engineer and city attorney were instructed to prepare maps of an assessment district for the opening of the street.

BLAIR LEE OF MARYLAND IS SEATED BY SENATE

WASHINGTON, Jan. 29.—By the vote of 53 to 13 the Senate yesterday seated Blair Lee, Democrat, as senator from Maryland. It was the first contest to be voted on by the Senate coming up under the new direct elections amendment.

Mr. Lee was immediately escorted to the vice president's desk by Senator Smith of Maryland and took the oath of office. He succeeds Senator Jackson, Republican.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur restores its appearance a hundredfold. Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

LOS ANGELES PRODUCE MARKET

The first green corn of the year arrived on the market yesterday morning from Imperial Valley. It was fine fresh sweet corn, in full milk and free of worms. The price on the ears was \$1 per dozen and the three crates arriving were sold early. Other vegetables, while not new on the market, were very high in price. Tomatoes are about as an end as far as local stock goes and there is little possibility that shipments from Mexico will amount to much commercially this year. Planting of any kind is at a standstill and has been for almost a year. Anything that is growing or matured is usually stolen or confiscated by soldiers, bandits or the poor who have no other means of getting food.

There was a good demand for green peas which fairly low in price. Green beans are out of the question and will be probably until the new crop begins to arrive in about three months. Bunch goods are holding firm and are up. Prices on eggs were at a place that could not be found. They sold as high as 50 cents a dozen on fresh ranch stock. Only 93 cases were reported in but there was no official trading to change posted quotations.

YORBA LINDA
BRINGS A SUIT
FOR HER DEED

Allegations Against Promoters
Same as in Community
Action

Another suit growing out of the complications in the relations of purchasers of land in the Yorba Linda tract and the promoters of that tract has been commenced. In the new action, also filed by Attorneys Henry & Carr, the plaintiffs are Mabel M. and G. E. Parmenter, and the defendants are Jacob Stern, H. W. Frank, M. N. Newman, Peter Jannus, the Jannus Investment Co. and the Stern Realty Co.

The complaint declares that the individuals named as defendants, in 1909 organized the Stern Realty Co. to sell 3000 acres at Yorba Linda, and that each acre was entitled to one-fifth of a miner's inch of water; that the capital stock of the company was raised; that the Yorba Linda Water Co. was organized and a purported sale for \$300,000 was made to the water company of water rights and property, for which 3000 shares of water stock were given in payment and not cash; that \$175,000 bonds were later issued by the water company.

Mrs. Parmenter alleges that she entered into an agreement with the Stern Realty Co. to pay \$3333 for eleven acres of land. She declares that she has paid \$2810 on the contract without any question as to how the money was applied. She alleges also that she has been damaged \$550 by reason of the issuance of the \$17,000 bonds which she counts as payment upon the property, and that her water stock is worth \$18326 less than it would be worth had the Yorba Linda Water Co. developed as much water as was promised. By this she figures that she has overpaid the purchase price of \$5333.

The court is asked to order the defendants to give her a deed to the property, a certificate of title and money to equal her alleged over payment.

Articles Filed

Articles of incorporation were filed yesterday by the Anaheim Citrus Fruit Association, which is capitalized for \$50,000. By the articles stock can be issued only to citrus fruit growers. The directors are C. E. Holcomb, Charles Eggabroad, G. H. Goodale, C. O. Rust, G. A. Mills, C. E. Jones and J. J. Ayer.

Soon Be Citizens

Petitions for final papers of naturalization have been taken out by John Millbank of 1130 West Pine street, Santa Ana, and Paul G. Fink of 574 Fourteenth street, Huntington Beach. Millbank is a bricklayer, born in England in 1880, in this country since 1900. Fink is a gardener, born in Prussia.

Turner's Automobile

Suit over an automobile was decided today by Judge Thomas in favor of the defendant in the suit of H. H. Kelly of the Cadillac Garage against Asby Turner. The automobile cost \$1000. Turner gave a note at the Farmers & Merchants National Bank, on which \$50 a month was payable. All but \$600 was paid. Kelly

sued, asserting that ownership of the automobile did not pass and would not pass until the note was paid. Judge Thomas held that ownership did pass to Turner. Williams & Rutan represented Kelly and Scarborough & Forgy represented Turner.

To Ask for Bids

At the next meeting of the Board of Supervisors an order will be made offering the \$12,000 bonds of the Bay City school district for sale. An abstract of the proceedings up to date, including a record of the voting of the bonds, has been filed by County Superintendent of Schools Mitchell.

Sues for \$25,000

Today an action for \$25,000 damages was brought by William Hill against J. A. Carter. Neither party to the suit seems to be known here. From the complaint it is found that in June, 1913, Carter was doing a general contracting business hauling sand, gravel and brick. Hill was employed at \$3 a day driving a team. He, with another employee, was unloading sand from a car. It is alleged that an apparatus used to unload the sand was out of order, and that a lever in the hands of the other employee slipped from his hands, flew back and struck Hill over the eye, breaking his skull. Since his injury, Hill has been incapable of following out any line of thinking, and he still suffers from his injury. The complaint says he is 30 years of age. The complaint was sworn to in San Francisco, and F. M. Colvin of San Francisco is Hill's attorney.

Default Entered

The default of the defendants has been entered in a suit on a mechanic's lien brought by the Pendleton Lumber Co. against Rose M. King and others. The action concerns property at Laguna Beach.

Sues His Partner

John L. Birnbaum has brought suit for accounting against his partner, Henry Schaffert. The two men were in the real estate business together since last February. Birnbaum alleges that \$6000 has been made by the firm, and that Schaffert kept it all. Williams & Rutan are his attorneys.

Estate Appraised

J. N. Anderson, G. J. Mosbaugh and J. A. Turner have appraised the estate of Dr. J. R. Medlock at \$107,651.41.

Citation Issued

Harrison Kuebler of Anaheim has been cited to appear in the superior court on Feb. 6 to show cause why he should not be punished for contempt of court in failing to pay \$40 a month to Oswega Kuebler, as separate maintenance.

BREAKS A COLD IN
A FEW HOURS—PAPE'S
First Dose of Pape's Cold
Compound Relieves All
Grippe Misery

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge of nose running; relieves sore throat, dullness, feverishness, sick headache, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts with assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

SEVENTEEN HEADS OF
FINE MULES BOUGHT

Yesterday C. F. Krauss, manager of the Irvine Co. ranch, bought seventeen head of fine young mules from the D. W. Sturgeon market in Santa Ana. These animals are to replace part of the twenty-six head lost by the Irvine Co. in the fire that destroyed a barn at the ranch house about two weeks ago. The price paid for the mules was between \$3500 and \$4000.

PREPARE TO
REPAIR RIVER

Directors of Newbert Protection District Divide Up
Big Job

Worst Place Along the Channel
is at the Santa Ana
Sewer Farm

The recent high waters in the Santa Ana river played havoc in places along the channel established by the Newbert Protection District. This morning there was a conference of the directors with Engineer H. Clay Kellogg, and the work of repairing the damage and protecting the banks was divided up as follows:

First Division—Fifth street bridge to upper end of channel; Guy Koons.
Second Division—Fifth street bridge to sewer farm and levee on west side to lower end of sewer farm; W. M. Ward.

Third Division—East levee at sewer farm and from the sewer farm to Rice's Point; H. L. Wakeham.
Fourth Division—From Rice's Point to lower end of river; Leo Rorhach. Emergency wings will be placed wherever needed. Gangs of men will be put to work immediately. Engineer Kellogg is out this afternoon going over the river, making suggestions for the repair work.

The worst place along the river is at the Santa Ana sewer farm, which is leased to the Southern California Sugar Company. There the inner channel is filled up, and the east levee is eaten away, so that the flow of the river is where the east levee used to be. In a good many places the inner channel has filled with sand.

RESULTS TELL

There Can Be No Doubt About
the Results in Santa Ana

E. C. Burdick, 918 E. Fifth St., Santa Ana, Cal., says: "My back was in such bad shape that I could hardly get up or down. At times when I moved, sharp pains darted through me. I was in pretty bad shape. The doctor tested the kidney secretions and told me that my suffering was caused by poor kidney action. I first learned of Doan's Kidney Pills when I was living in Wichita, Kans. They were recommended to me by a drug-gist. That was six years ago, and I am now to tell the story if it wasn't for the relief I got from Doan's Kidney Pills. I used them steady for about a year and I have taken them off and on ever since. When I first used them, I had to go around on crutches, not daring to take either off the floor for fear of falling. Now I can get around with ease and my back is in good shape."

For sale by all dealers. Price 50 cents. Posters-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.—Advertisement.

ANDOVER, Mass., Jan. 29.—Announcement was made yesterday of a bequest of \$300,000 to the Phillips Andover Academy, under the will of Melville Fox Day, an alumnus of the school, who died at Florence, Italy, December 29 last. Mr. Day's gifts to the school during his life totaled \$260,000.

GROWTH OF CATHOLIC CHURCH

ROME, Jan. 29.—The Vatican made public statistics today tending to demonstrate what it calls the "eternal youthfulness" of the Catholic church. These show that during the ten years of Pope Pius' pontificate he has founded eighteen new archdioceses; fifty-three dioceses; thirty-four prefectures; thirty-seven districts ruled by apostolic vicars and four districts governed by bodies of prelates. This growth of the church is declared to be without precedent and to indicate the enormous amount of work which Pope Pius has accomplished.

POMONA GROWERS WILL
GET \$16,000 BY DECISION

POMONA, Jan. 29.—That \$16,000 will be distributed soon, largely to Pomona growers, is the statement made by P. J. Dreher, secretary and manager of the San Antonio Fruit Exchange, when interpreting the local meaning of the freight rate decision handed down Monday by the supreme court of the United States. Mr. Dreher and the late Attorney A. F. Call were the leaders in conducting the fight for the growers.
